FIRE

What is the thing we call "learning"? Will Concordia educate the "whole you"? What about the "spiritual you"? Oh no! Not me! I'm too earthy to be that! But that's the point we try to make at Chaplaincy

Services. Here we believe that the Spirit grounds us as persons-- puts us in touch with our bodies and our world. It opens our vision to our true human potential. Join us in the search!

Our programs and events are a seeking after wisdom and understanding of the human journey with all its joys and sorrows. We believe that God's presence is the humanizing factor. Its hallmark is an awakening of a new sense of freedom and an enthusiasm for life when all seems doom and gloom.

We also believe that we cannot achieve that awakened self alone. We need each other! We need you!

Wouldn't it be exciting for you to be a part of such a wonder-filled search?

--The Chaplains

"Some day after we have mastered the wind, the waves, the tide and gravity, we shall harness for God the energies of love: and then for the second time in the history of the world man will have discovered fire."

--Teilhard de Chardin
